

# The Kronier Family Education Fund

*Sponsored through partnership with the Kronier Family, Richmond Hospital Foundation, and the Richmond Community of Care*

## At a glance

June 2017

### Providing the best care for our community

The Kronier Family Education Fund supports staff learning and education to strengthen clinical practice and improve patient, client, or resident care and safety. Funding is available to staff, leaders, and physicians who provide care, or some aspect of care, in Richmond.

### Helping you attain your professional goals for the benefit of patient care

The Kronier Family Education Fund is a source of sponsorship that increases staff's ability to further develop their skills and knowledge. Investment in education of our staff and clinician is of key importance. These funds enable us to recruit, train and take care of our people, aligning with VCH Strategic Priority Health Human Resources. The fund is sponsored in partnership with the Kronier Family, Richmond Hospital Foundation and the VCH Richmond Community of Care. It is administered by the Richmond Education Committee.

### For more information

For a funding application or more information, go to <http://www.vch.ca/for-health-professionals/education/kronier-family-education-fund>. If you have any questions, contact us at [richmondeducation@vch.ca](mailto:richmondeducation@vch.ca).

Funds are granted throughout the year. There is no submission deadline. You can submit your application at any time. For more information, speak with your manager or contact [richmondeducation@vch.ca](mailto:richmondeducation@vch.ca)

### Who is eligible?

Funding is available upon application and approval to all staff, leaders, and physicians within Richmond who wish to attend a conference, workshop, or course.
