

# At the Elbow Support for Nursing New Grads in Acute Care

New Grad Clinical Nurse Educators (CNEs) are available for support in acute medical, surgical and specialty units for RNs and LPNs with less than 18 months of experience.

## We can help with:

- Clinical skills (i.e.: wound care, tube and line management)
- Coaching (i.e.: time management, clinical decision making, career planning)
- Debriefing your experiences
- Resource finding
